EDUCATION

- 2023
REDACADEMY
 - Software developer Sprinter
- 2022
EDUVOS
 - Computer Literacy
 - personal skills development
 - Processing and Logic concepts
 - Program Design(Python)
 - IT Fundamentals
 - Software Engineering
 - Database Design Concepts
 - Database Management(SQL Server)
 - Basic C# programming
 - Advance C# Programming
 - Mobile development(current)
 - Linux Operating System(Pending)
- 2018
NOSA
 - SAMTRAC (Intro)
- 2014-2016
Civil Engineering
 - National Diploma (N4-N6)

SKILLS

- C#
- WebApplication development
- HTML, CSS
- Project Documentation
- cypress testing
- React
- ASP.NET Framework
- Widnows forms
- SQL Server
- PG Admin(Postgres)
- js reports

KHOROMMBI IRVIN

PHOSIWA

PROFILE

A professional, friendly, and polite graduate who has a track record of getting tasks/ projects done on time and to the highest standards. I am someone who takes great pride in my work, a self-motivated team player and able to take responsibility for delivering to tight deadlines. I have a wide range of valuable skills gained through study, work, and volunteering and sports that can be used across various job roles.

WORK EXPERIENCE

- RedPanda Software - Junior Software Developer
2024 - PRESENT
 - Worked on various client projects, performing both front-end (React, JavaScript) and back-end (C#, SQL) development.
 - Developed and maintained React and C# APIs for various projects, ensuring scalability, functionality, and performance.
 - Implemented reporting features using C#, SQL, and JavaScript, creating dynamic, interactive reports.
 - Identified and fixed bugs across both the front-end and back-end systems, improving the overall user experience.
 - Collaborated with cross-functional teams to integrate front-end and back-end solutions.

SUBJECTS

- Tshivenda (First Language)
- English (Second Language)
- Mathematics
- Engineering Graphic Design
- Geography
- Life Orientation
